Gentlemen:

Reference is made to your CMCC Document No. 151X5.698 requesting authorization and approval to conduct ground-based environmental tests on the principal complete assemblies of the second production system at well-established environmental test laboratories in Los Angeles.

Your request is approved. It is our understanding that such tests will be conducted always in the presence of your engineering staff and will not reveal significant information with respect to the capabilities of the units being tested, of the system with which they are associated, nor of the use to which they will ultimately be put.

Very truly yours,
